FACES Program

Did you know that many common household chemicals can be the source of rashes and other reactions among newborns? The Silicon Valley Toxics Coalition, in collaboration with the Olinder Neighborhood Center, offers eight week courses on environmental awareness that are free to the community. It's primary goal is to help residents understand the dangers of every day chemicals in and around their home, and help parents identify and keep those chemicals away from young children. Classes are conducted in English and Spanish. Contact the Olinder Neighborhood Center to enroll.

MACSA Latch Key Program

The Mexican American Community Services Agency partners with the City of San José and Olinder Elementary School to offer a safe place for elementary aged youth to go to for after school supervision through 6pm. Literacy, education, and nutrition are the focus of this program. Youth are accepted on a first come, first serve basis. To enroll, contact Eva Chavez at the Olinder Neighborhood Center.
